- MANUFACTURER OF ALL KINDS OF SPRING LEAF & COIL SPRINGS
- MANUFACTURER OF TRUCK PARTS
- MANUFACTURER OF ALL TYPES OF FASTONERS
- C.N.C, MACHINING & REFURBISHMENT OF ALL TYPES OF CONSTRUCTION EQUIPMENTS

ACTIVITIES

1. FABRICATION UNIT
2. MACHINE SHOP UNIT
3. AUTOMOTIVE COMPONENTS & SPRING MANUFACTURING UNIT
4. REFURBISHMENT OF EARTH MOVING & CONSTRUCTION EQUIPMENTS
5. HEAT TREATMENT & HARD CHROME PLATING UNIT
6. TRADING HOUSE

■ FABRICATION UNIT

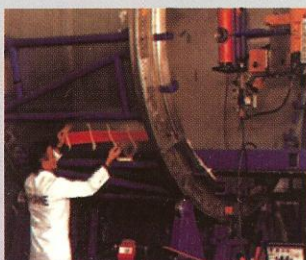

The company design and fabricate mud tank, brine tank, all types of trailers, including flat bed, low bed, special oil field trailers for rig site purpose, vacuum tankers, storage tanks and allied equipments for batching plants, block plants etc.; design and fabrication of various types of mixing tanks for rig well test units. The company's focus on continuous quality improvement has helped it to retain its position as the leading fabrication company in Oman. For

each of the fabrication work the company does, the concept of 'Value Addition' has helped it to be associated with some of the leading multinational companies in Oman. Our long list of credible customers also includes Ministry of Defence and PDO (Petroleum Development Oman),

■ MACHINE SHOP UNIT

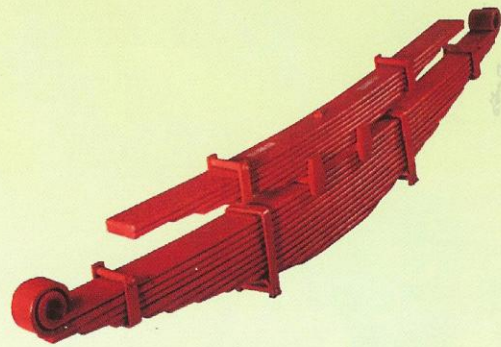

The company has a wide range of hi-tech imported machineries, including state-of-the-art CNC and high precision machineries. The activities comprises of oil field services, manufacturing and repairing of industrial and heavy equipments components. High precision machines like CNC lathe, copier lathe, heavy duty surface grinder, hobbing machine, milling machine, horizontal boring machine and vertical turret lathe are indispensable part of the machine shop. The machine shop of Singh & Co, Clubbed with Automobile machining, has one of the largest and widest option of machining.

MANUFACTURER OF LEAF SPRINGS & COIL SPRINGS

The company has the credit to establish the first 'Automotive Spring Leaf' manufacturing unit in oman. This unit manufactures all types of automotive spring leaves and coil spring of all dimensions. With the full set up of various types of furnaces, modern equipments & a laboratory. We are the pioneers to manufacture spring leaf in oman.

MANUFACTURER OF AUTOMOTIVE COMPONENTS

The company also has a 'Fastener' manufacturing unit, which manufactures all type of bolts, nuts, washers, center bolt, u-bolt etc. In addition to this it also has the facility to manufacture propeller shaft, spline hubs and chassis parts like shackles, mounting, equalizers etc.

REFURBISHMENT OF EARTH MOVING AND CONSTRUCTION EQUIPMENTS

The increasing demand for quality refurbishment of earth moving and construction equipments in Oman has motivated us to start a unit for the same. Here we have the facility for complete refurbishment of equipments under one roof . The facility also includes overhauling components and rebuilding it, repair of body chassis and under carriages of heavy equipments, manufacturing of hydraulic cylinder ramps and repair of hydraulic system.

TRADING HOUSE

Popularly known as the Trading division, Singh and Co has an Industrial and Automobile spare-parts showroom. Located in the Ghala Industrial area, it has a wide range of Industrial and automobile spare-parts imported from European, Asian and middle east countries. It also serves as a 'point-of-sale' for all the automobile and industrial products manufactured in-house. The showroom also has exclusive dealership for many of the world-renounced brands in industrial and automobile spare parts.
